THE DODDS SCANDAL. A Story With Two Sides to It. Society circles have been greatly agitated for the past few days over rumors of a scandal, involving parties of more than ordinary prominence. Great efforts have been made to keep the matter from the public, but the story has passed from mouth to mouth till it has become an open secret in nearly all parts of the city, especially among the friends of the parties concerned.

Col. Ozro Dodds was married some five years ago to a daughter of Hon. Charles N. Lamson, of Lima, O. The attachment was formed in Washington while both Col. Dodds and Col. Dodds were members of Congress. The marriage has not for the last two years been a happy one, owing to various circumstances, attributable, perhaps, to both husband and wife. It has been remarked by friends of the couple that they were never seen together, and what at first was confined to mere whispers became soon the general talk—that Col. Dodds and his wife were not getting along happily together.

A few days ago it was rumored pretty freely that Colonel Dodds accused his wife of infidelity and was about to file a petition for divorce. The charges were various, but were doubtless exaggerated as the rumor gained currency. The name of Charles Campbell is connected with the affair. He is a mere boy, it is said, being scarcely twenty years old—two cases are claimed on the Dodds side where proof can be presented of improper intimacy between Campbell and Mrs. Dodds. One is that of a trip to Portsmouth on a steamer, and the other a trip to Dayton, where the parties stopped together at the Becket House.

Mrs. Dodds, on her part, denies the whole story as claimed on the Dodds side. She says that, driven almost to despair by neglect and bad treatment, she may have done some imprudent things, but that she has never been guilty of the crime charged against her. She says on her part the meetings with Campbell were accidental in both the cases mentioned, and that her sister, a girl of fourteen years, accompanied her on both trips, and was with her all the time. The affair has created great talk, and public feeling is decidedly with Mrs. Dodds.

Hon. Stanley Matthews, who has been retained as counsel by Col. Dodds, declines to state his intentions in the matter, and while he says he is entirely familiar with all the facts in the case, which have been submitted to him in a professional capacity, he does not feel at liberty to make them public.

Mrs. Hicks-Lord's ARBOR.—A reporter for the Dunellen Rock lately visited Mr. Thomas Lord to inquire why his accomplished wife, formerly Mrs. Hicks, had not visited any of the places of fashionable resort this summer. It had been made of herself a recluse because of disappointment in the recent marriage.

"Is it true that Mrs. Lord is broken in spirit?" asked the reporter.

"Bless your soul," said Mr. Lord, as he is reported, "why, both of us have been inexpressibly happy here all through the summer. Why, just come with me to the rear and see what we have been mutually enjoying, forgetful of the outside world."

"And then," the reporter goes on to say, "the spy society man of fifty campaigns conducted the Rock's envoy to a scene that fairly bewitched the senses. The extensive rear yard had been completely transformed into a perfect haven of delight; all that wealth could command and art contrive had been lavished on that open space of fifty by one hundred feet, and the whole most thoroughly concealed from the rude gaze of the neighbors by natural arborescences of all kinds.

"The interior of this enchanting retreat was profuse of exotics, tropical fruit plants and flowers in endless variety, and here and there were fountains of the richest perfume, ever to be met with. The air was fragrant from every clime, that vied with each other in sustaining an almost unbroken stream of melody. It was, indeed, a paradise of odors, music and flowers."

The report in the Rock continues: "I should estimate the cost of all this happiness at about \$100,000—if you will pardon the mercenary thought," was our representative's first remark after a thorough survey, in silence, of the extraordinary 'back yard.'

Ryan, for assault; John McDermott and John Flanagan, for personal violence, were all referred to Messrs. Paxton and Neare with power to act.

The case of Pat. Carney, sentenced for snatching a lady's pocket-book, was referred to Mr. Grossinger and the case of Andy Broudie, known thief, to Mr. Campbell.

The cases of Wm. Gallant, common thief; Elizabeth Rodgers, vagrant, and Charles Clark, pick-pocket, were passed.

Guardian for His Father.
An application was made yesterday afternoon before Judge Cox by John B. Puthoff, Jr., a young man well known in every quarter of this city, for the appointment of a guardian over the property of his father, who is sixty-seven years old, and reputed to be worth about \$100,000. The property is situated on West Walnut Hills, a dozen or more houses on Race and on Second streets, and other property at different places in the city.

The application was made on the grounds that the defendant was incapable of taking care of the same; that he was wasting the same, and was incurring it with useless debts; that he was mentally unsound in this, that he is a monomaniac on the subject of women; that he was under the influence of a prostitute named Sallie Thornbury, who is enticing him to spend his money and waste his property to her advantage, patronizing her and making her presents; that he was habitually intemperate, and for other reasons.

On the part of the respondent an answer was filed, in which all the allegations of the petitioner were denied and proof demanded. The respondent further averred that his son has squandered during the last ten years over \$30,000, given him by the respondent to go into business, and to-day everything the respondent owns is under a heavy mortgage and a decree of sale in this Court for nearly \$18,000, being for security debts paid for his son, and for money given him in business, all of which he has squandered except about \$400 in merchandise, which the respondent seized about two weeks ago; that his son is a known worthless spendthrift, and a much more intemperate and drunken man than the respondent, and with a much worse character than the respondent.

A lot of testimony was taken and the case argued and submitted.

Judge Cox then gave his opinion that under the circumstances he would appoint some good man as guardian under bond of \$5,000.
